Welcome to Sambala Foundation

Sambala Foundation was established in 1995 by Nepal-kadel Group for philanthropic activities. From the beginning our business and social commitments have always been mutually reinforcing and has always featured as an integral part of our business. Along with evolution of our company, its responsibility and expectation towards society has also evolved , addition to philanthropic activities Sambala Foundation now works on developing socially responsible business, sustainable development of our society.

We feel strong sense of responsibility towards society and we strive to build better and healthy society. To improve their lives and to strengthen our communities, we are committed to undertake our foundation activities in various sectors.

The Nepal-Kadel Group (NKG) believes in the relationships it builds with employees, customers, partners and the community at large. As a result, the group has been actively invested in the community for over two decades.

Sujan Foundation follows our group's belief in the power of the relationships and was setup to enhance our contributions to society by reorganizing our social initiatives towards a sustainable and focused model. This belief allows our foundation to prioritize initiatives in the Social (Education, Health and Sport), Economic and Environmental sectors within its sphere of influence in a sustainable way

"I have not failed. I've just found 10,000 ways that won't work."
- Thomas A. Edison
